

MCH series — Dustcaps

Why choose a Dustcap

The MCH standard Dustcap is designed to maximise the protection of the threads on both the MCH Plugs and Sockets. It is designed to screw directly onto/into the threads on the mating half. We recommend that any units in storage or installed but not in use, have a Dustcap fitted, this will ensure that dust, dirt and greases cannot build up on the threads of the mating part and damage or delay their use. Please note these units do not provide a pressure seal.

Units are available with both Metric and Imperial threads, matching the threads on the mating Plug or socket.

Units are usually supplied in Stainless Steel, other metals are available to order.

Units can be supplied with or without a fitted cord for ease of removal and storage.

Please ensure that you choose the correct unit for your equipment, Plugs and Sockets have different threads and the matching Dustcap is not interchangeable.

What other products can we utilise with the MCH Dustcap

MCH & MCVH Sockets (usually used as the main panel mounted/ fixed piece see data sheet in this section).

MCH & MCVH Plugs (usually the floating half of an umbilical assembly, see data sheets in this section).

Pneu - Therm Limited

Making worthwhile connections

Technical Data

Body Material	:	303 Stainless steel
Operating temperature range	:	- 55°C to 80°C
Working medium	:	Compressed Air (for others please consult factory)
Place of origin	:	All manufactured in the UK
Dimensions	:	See drawing section of this brochure.

Stock Sizes

Part number	For socket or Plug?	Suits range	Body size
C-MCH40DCP	Plug	Metric	40 mm
C-MCH40DCS	Socket	Metric	40 mm
C-MCH50DCP	Plug	Metric	50 mm
C-MCH50DCS	Socket	Metric	50 mm
C-MCH70DCP	Plug	Metric	70 mm
C-MCH70DCS	Socket	Metric	70 mm
C-MCH75DCP	Plug	Metric	75 mm
C-MCH75DCS	Socket	Metric	75 mm
C-MCH40DCiP	Plug	Imperial	1.57"
C-MCH40DCiS	Socket	Imperial	1.57"
C-MCH50DCiP	Plug	Imperial	1.96"
C-MCH50DCiS	Socket	Imperial	1.96"
C-MCH70DCiP	Plug	Imperial	2.75"
C-MCH70DCiS	Socket	Imperial	2.75"
C-MCH75DCiP	Plug	Imperial	2.95"
C-MCH75DCiS	Socket	Imperial	2.95"
